## CTO DISCUSSION BOARD LAUNCHES

---

### Enhancing Collaboration and Communication

SDCOE Integrated Technology Services and the CTO Steering Committee launched the [CTO Discussion Board](#) in March. San Diego County CTOs requested a discussion board for CTOs and SDCOE ITS leaders to collaborate, share resources, and ask questions. Each CTO received an electronic invitation to access the CTO Discussion Board. Once logged in, CTOs have the ability to post additional discussions/questions, share resources, and answer questions from other CTOs. The purpose of this discussion board is to allow CTOs and ITS leaders to collaborate and share resources and advice.

We welcome user feedback on the layout and capabilities of the discussion board. The [Technology Leadership Portal](#) has a button to access the CTO Discussion Board. If you are having difficulties accessing the CTO Discussion Board, please contact [Dr. Staci Block](#) for support with your login.
