The County Superintendent of Schools shall maintain a current San Diego County Office of Education organization chart. The organization chart shall clearly designate lines of primary responsibility and the relationships between all employee positions.

The organization chart should clarify working relationships and functions. It is not intended to indicate all the lines of communication and cooperation that must exist to create successful and effective services and programs.

The County Superintendent of Schools or his/her designee shall ensure that all personnel understand to whom they are responsible and for what functions. Lines of responsibility should in no way prevent staff members at all levels from cooperating to develop the best possible programs and services.
