Guidance****PAGE: 1 of 6**

---

The County Superintendent of Schools establishes the following administrative regulation to ensure the lawful expenditure of any federal formula or discretionary grant funds awarded to San Diego County Office of Education (SDCOE). The County Superintendent of Schools or his/her designee(s) shall comply with each of the requirements referenced herein.

All grants awarded to SDCOE by the federal government, including formula grants (e.g., Title I funding, Part B of the Individuals with Disabilities Education Act) and discretionary grants, are subject to the requirements contained in the Office of Management and Budget's (OMB) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (commonly called "Uniform Guidance"), as specified in 2 CFR 200.0-200.521 and Appendices I-XII.

#### Allowable Costs

Prior to obligating or spending any federal grant funds, the County Superintendent of Schools or his/her designee(s) shall determine whether a proposed purchase is an allowable expenditure of federal funds in accordance with 2 CFR 200.400-200.475 and the terms and conditions of the federal grant award. The County Superintendent of Schools or his/her designee(s) shall also determine whether the expense is a direct or indirect cost as defined in 2 CFR 200.413 and 200.414 and, if the purchase will benefit other programs not included in the grant award, the appropriate share to be allocated to the federal grant.

The County Superintendent of Schools or his/her designee(s) shall review and approve all transactions involving federal grant funds and shall ensure the proper coding of expenditures consistent with the California School Accounting Manual.

#### Period of Performance

All obligations of federal funds shall occur on or between the beginning and ending dates of the grant project and shall be paid no later than 90 days after the end of the funding period, unless specifically authorized by the grant award to be carried over beyond the initial term of the grant.

#### Procurement

On or before July 1, 2017, or such later date as may be approved in the Uniform Guidance, the County Superintendent of Schools or his/her designee(s) shall comply with the standards specified in 2 CFR 200.317-200.326 and Appendix II of Part 200 when procuring

Operations****ADOPTED: 5/25/18****SUBJECT: Federal Grant Funds, Uniform  
Guidance****PAGE: 2 of 6**

---

goods and services needed to carry out a federal grant as well as any applicable state laws and/or SDCOE policies concerning the procurement of goods and services that may be more restrictive.

As appropriate to encourage greater economy and efficiency, the County Superintendent of Schools or his/her designee(s) shall avoid acquisition of unnecessary or duplicative items, give consideration to consolidating or breaking out procurements, analyze lease versus purchase alternatives, consider entering into an interagency agreement for procurement of common or shared goods and services, and/or use federal excess or surplus property.

The procurement of goods or services with federal funds shall be conducted in a manner that provides full and open competition in accordance with state laws and SDCOE regulations and shall include the following requirements:

1. Any purchase of supplies or services that does not exceed the "micro-purchase" threshold specified in 48 CFR 2.101 may be awarded without soliciting competitive quotes, provided that SDCOE considers the price to be reasonable and maintains written evidence of this reasonableness in the record of all micro-purchases.
2. For any purchase that exceeds the micro-purchase threshold but is less than the bid limit required by Public Contract Code 20111, the County Superintendent of Schools or his/her designee(s) shall utilize "small-purchase" procedures that include obtaining price or rate quotes from an adequate number of qualified sources.
3. Contracts for goods or services over the bid limits required by Public Contract Code 20111 shall be awarded pursuant to California law and AR 3310 - Purchasing and Contracting, unless exempt from bidding under the law.
4. If a purchase is exempt from bidding and SDCOE's solicitation is by a request for proposals, the award may be made by either a fixed-price or cost-reimbursement type contract awarded to the entity whose proposal is most advantageous to the program, with price and other factors considered.
5. Procurement by noncompetitive proposals (sole sourcing) may be used only when the item is available from a single source, the need or emergency will not permit a delay resulting from competitive solicitation, the awarding agency expressly authorizes sole sourcing in response to SDCOE's request, and/or competition is determined inadequate after solicitation of a number of sources.

---

6. Time and materials type contracts may be used only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract for which the cost is the sum of the actual cost of materials and direct labor hours charged at fixed hourly rates that reflect wages, general administrative expenses, and profit.

For any purchase of \$25,000 or more, the County Superintendent of Schools or his/her designee(s) shall verify that any vendor which is used to procure goods or services is not excluded or disqualified by the federal government.

All solicitations shall incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description shall avoid detailed product specifications to the extent possible, but may include a statement of the qualitative nature of the material, product, or service to be procured and, when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. When it is impractical or not economical to make a clear and accurate description of the technical requirements, a brand name or equivalent description may be used to define the performance or other salient requirements of procurement, clearly stating the specific features of the named brand which must be met by offers. In addition, every solicitation shall identify all requirements which the offer must fulfill and any other factors to be used in evaluating bids or proposals.

The County Superintendent of Schools or his/her designee(s) shall maintain sufficient records to document the procurement, including, but not limited to, the rationale for the method of procurement, selection of the contract type, contractor selection or rejection, and the basis for the contract price.

The County Superintendent of Schools or his/her designee(s) shall ensure that all contracts for purchases using federal grant funds contain the applicable contract provisions described in Appendix II to Part 200 - Contract Provisions for Non-Federal Entity Contracts Under Federal Awards.

#### Capital Expenditures

The County Superintendent of Schools or his/her designee(s) shall obtain prior written approval from the awarding agency before using federal funds to make capital expenditures,

---

including the acquisition of land, facilities, equipment, and intellectual property and expenditures to make additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations, or alterations to capital assets that materially increase their value or useful life.

#### Conflict of Interest

No Governing Board member, SDCOE employee, or SDCOE representative shall participate in the selection, award, or administration of a contract supported by federal funds if he/she has a real or apparent conflict of interest, such as when he/she or a member of his/her immediate family, his/her partner, or an organization which employs or is about to employ any of them has a financial interest in or a tangible personal benefit from a firm considered for a contract. Such persons are prohibited from soliciting or accepting gratuities, favors, or anything of monetary value from contractors or subcontractors unless the gift is an unsolicited item of nominal value.

Employees engaged in the selection, award, and administration of contracts shall also comply with SDCOE's board policy number 4020 – Duties, Responsibilities, and Rights and administrative regulation number 4020 – Code of Ethics.

#### Cash Management

The County Superintendent of Schools or his/her designee(s) shall ensure SDCOE's compliance with 2 CFR 200.305 pertaining to payments and cash management, including compliance with applicable methods and procedures that minimize the time elapsing between the transfer of funds to SDCOE and SDCOE's disbursement of funds.

When authorized by law, SDCOE may receive advance payments of federal grant funds, limited to the minimum amounts needed and timed in accordance with the actual immediate cash requirements of SDCOE for carrying out the purpose of the program or project. Except under specified conditions, SDCOE shall maintain the advance payments in an interest-bearing account. SDCOE shall remit interest earned on the advanced payment to the awarding agency on an annual basis, but may retain interest amounts specified in 2 CFR 200.305 for administrative expenses.

When required by the awarding agency, SDCOE shall instead submit a request for reimbursement of actual expenses incurred. SDCOE may also request reimbursement as an alternative to receiving advance payments.

The County Superintendent of Schools or his/her designee(s) shall maintain source documentation supporting the expenditure of federal funds, such as invoices, time sheets, payroll stubs, or other appropriate documentation.

#### Personnel

All SDCOE employees who are paid in full or in part with federal funds, including employees whose salary is paid with state or local funds but is used to meet a required match or in-kind contribution to a federal program, shall document the amount of time they spend on grant activities.

#### Records

Except as otherwise provided in 2 CFR 200.333, or where state law or SDCOE policy requires a longer retention period, financial records, supporting documents, statistical records, and all other SDCOE records related to a federal award shall be retained for a period of three years from the date of submission of the final expenditure report or, for a federal award that is renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report.

#### Audits

Whenever SDCOE expends \$750,000 or more in federal grant funds during a fiscal year, it shall arrange for either a single audit or a program-specific audit in accordance with 2 CFR 200.507 or 200.514.

The County Superintendent of Schools or his/her designee(s) shall ensure that the audit meets the requirements specified in 2 CFR 200.500-200.521.

Specified records pertaining to the audit of federal funds expended by SDCOE shall be transmitted to the clearinghouse designated by the federal Office of Management and Budget and shall be made available for public inspection. Such records shall be transmitted within 30 days after receipt of the auditor's report or within nine months after the end of the audit period, whichever is sooner, unless a longer period is agreed to in advance by the federal agency or a different period is specified in a program-specific audit guide.

In the event that the audit identifies any deficiency, the County Superintendent of Schools or
