

Recommendations for use of MS-ISAC Resources

“The mission of the Multi-State Information Sharing & Analysis Center (MS-ISAC) is to improve the overall cybersecurity posture of the nation’s state, local, tribal and territorial governments through focused cyber threat prevention, protection, response, and recovery.”

Publicly Available Resources

1. Center for Internet Security (CIS) [Controls Guides](#) for Download [Based upon SANS 20 Critical Controls]
2. Center for Internet Security (CS) [Benchmark guidelines](#) for Download
3. Center for Internet Security (CS) [Resources](#) [Blogs, Case Studies, Newsletters, Videos, Webinars, Whitepapers and more]
4. Cybersecurity Threat Advisories via [email](#) and a [web-based Dashboard](#)

Member Specific Resources ([sign-up location](#))

1. 24/7 Security Operations Center
2. Incident response & Digital forensics services
3. Monitoring of public IP ranges & domains
4. Access to malicious code analysis platform
5. Weekly top-malicious domains & IPs report
6. Vulnerability Management Program
7. Access to table-top exercises

Security is everyone’s responsibility.
