

## Student Wellness and Positive School Climate Present Building Engaging and Supportive Virtual Classrooms

Online learning has exposed students to new vulnerabilities, especially those who have been impacted by trauma.

**Training is 1 hour with 15 minute Q and A following. Offered virtually via Zoom**

**Dropbox link provided with all materials and resources**

The training is provided at **NO COST** to all schools and districts throughout San Diego County. (Cost recovery may apply in some cases)

**For information on organizing a training** contact one of our program staff:

**Susie Terry, MPH Coordinator**  
[Susanne.terry@sdcoe.net](mailto:Susanne.terry@sdcoe.net)

**Mindy Kukich, Coordinator,**  
[mkukich@sdcoe.net](mailto:mkukich@sdcoe.net)

**Charisma De Los Reyes**  
[charisma.delosreyes@sdcoe.net](mailto:charisma.delosreyes@sdcoe.net)

### **Participants will learn about:**

- \* The Values of Trauma-Informed Practice.
- \* The concepts of Trauma- and Resilience-Informed schools.
- \* Considerations and/or challenges vulnerable student can face during distance learning
- \* Additional things to consider in the virtual classroom
- \* Teaching and learning strategies for the virtual classroom that support the Values of Trauma-Informed Practice.

**Schools can face extra challenges serving students within this new online environment. Educators can counteract harmful effects on vulnerable students by understanding the barriers to their success.**

### **Content from this training supports Local Control Accountability Plan Priority Areas:**

- Pupil Engagement
- School Climate

***This training is appropriate for all school site administrators, counselors, teachers and anyone onsite who has a stake in the success of these student groups!***
