

Digital Content Portal

Explore the World from Your Classroom

Unlock new adventures for your students in a safe place to learn, discover, and create. A comprehensive online library of encyclopedias, interactive educational games, videos, and e-books, the Digital Content Portal (DCP) provides a wide range of instructional materials to accelerate student achievement.

Key Benefits:

- Encourage innovative teaching
- Increase student engagement
- Build information literacy and research skills
- Develop college and career readiness
- Promote equity and access

Each DCP subscription includes:

- Training for staff, students, and stakeholders
- Ongoing technical assistance and support
- Easy access to the California K-12 Digital Resources

California Streaming

Streaming video, audio, and images that are aligned to California state content standards

World Book

Grade level encyclopedias, including specialized databases for early literacy and research skills

EBSCO eBooks

Complement your library collection with simultaneous access to over 14,000 e-books
