

San Diego South County
Special Education Local Plan Area (SELPA)

PRINCIPALS ACADEMY

Please join us **February 2023**, for two separate in-person professional development sessions hosted by the South County SELPA.

Session 1: "Tips for IEP Success for School Administrators."

Whether you are a new or experienced administrator, the IEP process can be overwhelming, and you play a vital role! After this presentation, you will have a deeper and practical understanding of "The IEP as a legal document." Come learn "Pro Tips" to support you as you support your school team to create a defensible IEP that supports student learning. In addition, these tips will foster trust between the parents/guardians and the school team.

Session 2: "Legal Practices and Behavior."

Following the pandemic and a return to in-person instruction, student behavior has become a hot topic. Students who qualify for special education may get special considerations when it comes to behavior, school discipline, services and support, and placement. Participants will learn about special education legal requirements and best practices on how to address student behaviors in the IEP process.

Intended Audience:

School Principals and Vice/Assistant Principals

Learning Objectives:

- Participants will be able to support staff to create defensible IEP that supports student learning
- Recognize the importance of landmark legal cases that shape the IEP process
- Learn about special education legal requirements and best practices on how to address student behaviors
- Increase your support of the IEP process and foster positive relationships
