2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Our mission at Friendship School is to provide appropriate special education and related services to students with disabilities in order to promote the development of each student's inherent abilities. We believe in individualized medical, therapeutic, and academic support to aide in each student's educational success, which can be achieved by using a collaborative approach for creating and maintaining a safe and healthy learning environment.

Friendship School is a five-classroom special education school operated by the San Diego County Office of Education. Friendship School primarily serves students from within the South County Special Education Local Plan Area (SELPA) but is able to serve students within San Diego County. Located in Imperial Beach, Friendship School serves a maximum of 50 students ages 3 to 22 who have multiple/severe disabilities with health impairments. Each classroom is staffed by a special education teacher and two student attendants. Each teacher holds an education specialist credential-moderate/severe. All staff members are trained on specialized health care procedures by the credentialed school nurse. Class sizes range from 5 to ten students, with a best practice staff-to-student ratio of one adult to three students. Friendship School has a full-time registered credentialed school nurse, a part-time occupational therapist, a part-time speech and language specialist, a school psychologist, and a physical therapist for consultative services only.

At Friendship School, each student is continually evaluated by their teacher and related service staff to determine the most appropriate curriculum to meet their needs. An Individualized Education Program (IEP) tied to state standards is designed for each student. The IEP emphasizes functional skill areas, including language and communication development, social development, community interaction, daily living skills, vocational skills, and leisure/recreation. Students receive related services as needed, such as vision services, Deaf or Hard of Hearing services, occupational therapy, speech therapy, and assistive technology services.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Attainment Core Curriculum Solutions was adopted by Friendship School in fall 2015 and Fall 2020. The curriculum features rigorous, scientifically-based programs specifically designed for students with moderate-severe intellectual disabilities. The curriculum is based upon systematic instruction with a shared organizational structure. It provides scripted lessons to decrease teacher preparation time and increase teacher fidelity. The ongoing assessments capture data and document student achievement. The sequence of learning is educationally sound and developmentally appropriate. Teachers also have access to SANDI/FAST, which aligns assessment, access to grade-level standards, and rigorous research-based instruction in order to specifically target individual student strengths and needs. Teachers also have access to News-2-You, a weekly current events newspaper that provides a way for all learners to become connected to and engaged with the world around them. News-2-You provides the weekly newspaper in five reading levels.

School Facility Conditions and Planned Improvements

Friendship School leases our facility from the South Bay Union School District. The school is located at 525 Third Street in Imperial Beach on the former West View Early Learning Center Campus. Security is bolstered by the presence of a resident security guard who lives on the property and inspects the property during nights and weekends to prevent vandalism and theft.

District maintenance and custodial staff members ensure that the school is clean, safe, and functional. Facilities are inspected daily by the Friendship School custodian to ensure that supplies are fully stocked and that everything is in full working order. Any needed repairs are addressed in a timely manner. Copies of inspections are available at the school and facilities offices. The custodian also performs a safety inspection on a monthly basis. The monthly report is submitted to the South Bay Union School District facilities office. Regular and preventative maintenance is ongoing. The South Bay district employs a computerized online work order system for efficiency and better record keeping.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Friendship School encourages parental involvement at all levels. We believe that the individual student benefits from high parent participation through increased collaboration among caregivers. Additionally, we believe the entire school is more effective in its primary goal of teaching and learning when parents and caregivers are engaged with their child's program at school. Friendship School provides parents with an opportunity to interact and communicate with the school about their students on a daily basis through a communication log that is sent back and forth from home to school or via email. Three times a month, Friendship School leaves campus for community-based instruction outings, which parents are encouraged to attend. Additionally, the school has monthly schoolwide activities in which parents are encouraged to participate. The schoolwide activities provide an opportunity for students to engage in activities that are found on a comprehensive campus. Parents are involved in the IEP process for their child and Friendship School facilitates the means of improving services and results through this collaboration. Friendship School offers a quarterly meeting, "Friendship and Family," which provides parents a forum to meet about different areas pertaining to their children and their educational needs. Meeting topics include SELPA resources for parents, San Diego Regional Center, understanding your child's IEP goals, assistive technology, and speech and language.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.00	1.71	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Friendship School has developed and continues to review its procedures for safeguarding the welfare of students and staff. Friendship School conducts monthly safety drills to practice quick responses to emergencies, such as fires, earthquakes, lockdowns, etc. The school safety plan has been updated for the 2022-2023 school year and goals have been created to address the school's safety needs. The plan is available in the Friendship School office, at the South County SELPA office, and at SDCOE's Special Education office.

Professional Development

The Friendship School academic calendar includes two full days and 10 minimum days (early release Fridays) that are dedicated to staff development. Friendship School's professional development continues to be focused around the upcoming alternate assessment, the health needs of students with the most significant disabilities, and team-building. The minimum days are dedicated to providing the staff time to collaborate in teams and receive the latest training. Additionally, teachers are supported through in-class coaching and monthly teacher-principal meetings.

This table displays the number of school days dedicated to staff development and continuous improvement.
