

Part II of the DIISUP Presentation

Presenter:

Nancy Sedgwick, Director, LCAP

February 27, 2018

10 am to 12 pm

SDCOE Comm Labs 1-4

Description:

Join us for a deeper dive into leveraging the LCAP for local decision-making. Building on essential information shared in the CCEE webinar around the Demonstration of Increased and Improved Services for Unduplicated Students (DIISUP) section of the LCAP, LEA teams will engage in deep discussion, analysis and planning to inform ongoing improvement efforts.

Many of you watched the Demonstration of Increased or Improved Services for Unduplicated Pupils (DIISUP) Webinar (Part I) that was produced by CCEE, in partnership with WestEd, San Mateo County Office of Education and San Diego County Office of Education. This in-person training would build on the information from the webinar and would have LEA LCAP teams engage in a set of group activities to develop familiarity with the suggested protocols and to practice using the DIISUP section for local decision-making. For the in-person training to be most effective, we would strongly encourage each LEA to send its LCAP writer, the staff member in charge of curriculum and instruction, and the staff member in charge of finances (to the extent they are not the same person).
