

Student Services and Programs

2020-21 Workshops and Trainings

The San Diego County Office of Education Student Services and Programs department is offering the following workshops and trainings to support positive school climate and student health and wellness efforts during the 2020-21 school year.

All trainings are delivered by department staff or partner agencies with expertise and project experience in the featured content areas. Most trainings are offered at one of [SDCOE's four locations](#).

Trainings can also be scheduled in schools, community, or workplace settings and are available to any organization interested in hosting. Additional costs may be associated with some trainings provided outside of the SDCOE. Unless other arrangements are made with SDCOE, host agencies will be responsible for participant recruitment and registration, facility reservation and room setup. SDCOE can provide all necessary equipment if the designated training room does not have a built-in system that meets the needs of the training.

Some of the training programs listed below can be tailored for specific audience groups and customized with district-specific data and activities.

Details, including costs and a registration link, are included below and can also be found on the [Student Services and Programs OMS calendar](#).

Please contact Student Services and Programs at 858-298-2077 for more information on these and other specialized services available to assist you in ensuring our schools are safe and our children are healthy.

Youth Mental Health First Aid: Sometimes, YOU are the First Aid! A young person you know could be experiencing a mental health challenge or crisis. You can help them. You are more likely to encounter someone — a friend, family member, student, neighbor, or member of the community — in an emotional or mental crisis than someone having a heart attack. Youth Mental Health First Aid teaches a five-step action plan to offer initial help to young people showing signs of a mental illness or in a crisis, and connect them with the appropriate professional, peer, social, or self-help care.
