LEARN from keynote presenters

THE PRICE OF SHAME

Monica Lewinsky will ask us to be advocates and allies for those who are targets of our culture of shame. Her story inspires those working with students whose lives have been changed through unfortunate social media posts. Looking at how our youth pay a public price for their private actions, Lewinsky points to our culture's radical lack of empathy. She advocates for a safer and more compassionate social media environment, drawing from her unique experiences. This will be a powerful and memorable keynote address you will not want to miss.

Monica Lewinsky is a social activist, international public speaker and Contributing Editor to Vanity Fair. She is an ambassador to the Diana Award's Anti-Bullying Program and a founding board member of the Childhood Resilience Foundation.

TIMES ARE CHANGING: ARE YOU READY?

This interactive, informational, challenging and energetic session examines and explores issues of diversity, privilege, oppression and leadership and challenges participants to examine their own biases, behaviors and belief systems. We all have an excellent opportunity to be positive role models, powerful decision makers, and effective agents of change, if we have the tools. We need more leaders for social justice and equity across America. Do you have the skills and ability to lead? Are we making any progress?

Dr. Eddie Moore, Jr is a dynamic, personal diversity consultant and public speaker. His presentations are interactive, fun, challenging, informative and practical.

GET INVOLVED in activities like:

- Learning strategies for positive school climate
- Receiving tools to create or enhance your student engagement efforts
- Designing an inclusive school community program
- Discussing strategies to reduce social-emotional barriers to increase student learning
- Networking with like-minded youth-serving partners
