Attn: Daralene Hardrick, Room 408
6401 Linda Vista Road
San Diego, CA 92111

About the Training...

Each year, new legislation impacts the daily operations and systems in our public schools. As the majority of these laws go into effect in the middle of the school year, county, district, charter and school site leaders are faced with many challenges in keeping track and complying with these laws. The primary focus of this legislative update will be on new laws affecting the areas supported by student services/child welfare and attendance staff. Suggested strategies and resources to assist with implementation and compliance will be provided.

Participants will also receive a copy of the *Legislative Updater Guide: Student Support Services in California Schools 2019-2020* publication, which identifies laws that will require notification to parents/guardians and revisions of board policies and procedures.

About the Presenters...

Maria Hwang de Bravo and **Jennifer Gomeztrejo** are co-founders of Student Support Services Solutions, Inc. (S₄), a consulting firm that focuses training and support in areas under child welfare and attendance/student services. They have gained their experiences and knowledge from having served as high school teachers and administrators at the site, district, and county level. Before S₄, Maria and Jennifer both worked in the Division of Student Support Services, Los Angeles County Office of Education. Visit www.s4edconsultants.org to find out more about them and the services and resources available through S₄.
